ASTIGMATISM.

What it Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thorough, efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put the matter this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

LET'S HAVE THEM.

Talk of an Effort to Locate the First Regiment Band Here.

There is a good deal of talk among some of our citizens with reference to making an effort to locate the First North Carolina Regiment Band in this city. That is a good scheme. It is a splendid band already and has greatly delighted Greensboro people during the commencement exercises of the Normal & Industrial College.

There are, however, several things to be considered, i. e., the matter of raising a thousand dollars to pay the salary of Capt. Alexander, the leader, and securing situations for the members of the band from which they can be released when leaving the city to fill engagements. Three other cities in the state we learn are trying to secure the band and one of them has already secured the necessary funds. The band, however, is stuck on Greensboro, and if a proposition is made them they will consider it.

Several of our citizens, we are informed, are quite enthusiastic over the matter and it is probable that an effort will be made to secure the musicians. It would be a splendid advertisement for the city, and we hope an effort will be put forth that knows no balking, short of success.

Let' have the band come here and live with us.

RUNAWAY LAST NIGHT.

Horse Frightened by a Bicycle Colors the Air.

A fiery horse driven by two young men ran away on South Elm street last night and turning into East Market at the postoffice threw the young gentlemen from the buggy. The frightened animal ran around the postoffice building, back into South Elm and down that street to the express office where the buggy was dashed against a water plug and badly damaged. The horse was caught soon afterward. The young men who were from High Point, were not badly hurt but considerably shocked by their fall. The horse was frightened by a bicycle riden by a negro who was evidently a novice as he almost ran against the buggy. The horse was hired from a local livery.

The Band's Dates.

The First Regiment Band left this morning for Winston where they appear tonight. The band will appear at the following places on the dates mentioned: Statesville 26th, 27th and 28th, Hickory 29th, Shelby 30th and and 31st, Marion 1st, Asheville 2nd, 3rd and 4th, Waynesville 5th, Elon College, 7th and 8th.

Capt L. B. Alexander, who is managing the tour, says the band will not travel much longer, as they will have visited most of the important towns of the state. They will locate in the city offering the best inducements for one year and then they will probably travel again in this and other states.

The Annual Push.

The passenger train forces have had double work today on nearly every departing train. Extra men and extra coaches have been necessary. The young ladies of the State Normal and Industrial College left by the hundred this morning and at noon About a hundred young ladies still remain. They will leave within the nex. few days.

Bad Advice to the Cubans.

Havana, May 24—The Sanguillys, Lacret, Vidal, Mayia Rodriguez and all the late members of the Cuban military Assembly, aided by the opposition newspapers, are advising the Cuban soldiers not to give up their arms—not to sell the souvenirs of the heroic struggle for liberty—and not to part with honor for $75.

General Brooke, of course, will proceed with his program without heeding the opposition.

Winston's Public Building.

The delay in locating Winston's public building is causing considerable anxiety on the part of many citizens. Everybody appears to be "in the dark" in regard to the site that will be chosen.

LAST NIGHT AT THE NORMAL

An Excellent Program And a Pleased Audience.

SWEET MUSIC AND THE DRAMA

Two Hundred and Fifty Dollars Realized By The Young Ladies For Students' Building.

The last entertainment to be given at the State Normal and Industrial College before the departure of the young lady students, of '98-'99 was that given last night by the Adelphian and Cornelian Literary Societies for the benefit of the students' building. Though not a part of the commencement proper the same excellent preparations had been made and the evening was not surpassed for enjoyment by any during the closing exercises. It was a grand finale. The large auditorium was packed from the rostrum to the rear wall, every seat, reserved or not, being occupied.

The First North Carolina Regimental Band opened the entertainment. After every piece and often during the rendition of an inspiring selection, a thunderous applause broke forth. At the conclusion of the band music Dr. McIver arose to make an announcement and in the most pleasant and amusing manner, asked for a general removal of hats. After a chorus by a class of young ladies, assisted by Prof. Clarence R. Brown, the curtain arose and the presentation of "The Best Laid Plans," an interesting comedy drama, began. The eight parts were exceedingly well taken by as many young ladies and the presentation of the play is deserving of the highest praise. Between the two acts Miss Jameison, teacher of domestic science, sang 'Dreams," a beautiful solo by Hamilton. She sang "The Old Folks at Home" as an encore. After the second act a beautiful song—"Go, Pretty Rose"—was sung by the following young ladies: Misses Susie Bolling, Edith Randolph, Fannie Cowles and Misses Asbury and Strachan.

Before the conclusion of the entertainment President McIver stated that $250 00 had been realized from the entertainment, for the Students' Building Fund and that while up town yesterday he had raised $250 00 by subscription, thus adding in one day $500.00 to the fund. He also announced the establishment of another $100.00 loan fund by Mrs. McIver, in memory of her mother, Mrs. Verlinda Miller Martin. It will be known as the Verlinda Miller Martin Loan Fund and the amount will be loaned to a worthy student next year.

The entertainment closed with a novel and graceful drill by twenty-four of the students.

Every feature of the evening was perfectly rendered and the entertainment was the successful close of the most successful year in the history of the State Normal and Industrial College.

NOTES.

During the commencement exercises the immense audiences have been managed by the ten young lady marshals, exclusively, directed by their chief, Miss Emma Lewis Speight, of Edgecombe county and they have done their work remarkably well. At all the exercis s every available inch of space in the large auditorium has been occupied and though they provided chairs at every possible place, the marshals have avoided making any one uncomfortably crowded. The marshals were: Misses Emma Lewis Speight, Edgecombe, chief; Emma Bernard, Buncombe; Woodfin Chambers, Alamance; Wilhelmina Conrad, Durham; Clara Gillon, Cabarrus; Bessie Hankins, New Hanover; Lizzie Howell Edgecombe; Lillie Keathley, New Hanover; Miriam McFayden, Baden; Sue Nash, Orange; Myrtie Scarboro, Randolph.

The number of visitors at this commencement has been unusually large and at the college, visitors have been, especially provided for. The hotels have been unable to provide rooms for all their guests, quite a number being sent to private boarding houses, many of which were also full.

Contributes a Report to the U. S. Geological Survey.

Washington, May 24—The United States Geological Survey has just issued an important resume, prepared by F. H. Newell, relating to the use of water for power, irrigation and other industrial purposes, being the product of 10 years of experience and systematic measurement. It gives facts concerning rivers in various localities from Maine to California, and shows the greatest, least and average flow by months.

This report is made up of a number of papers. The water powers on the James river are pointed out, and a profile given from Clifton Forge to Richmond. The water powers of North Carolina are also described by Prof. J. A. Holmes, and the possibility of future developments shown. FILIPINO COMMISSION LEAVES

Manila After Propounding the Above Poser to the American Peace Commissioners.

By Cable to THE TELEGRAM.

Manila, May 25—The Filipino commissioners left Manila this morning without having effected a settlement with the Americans. They will report to Aguinaldo the scheme of government proposed by Schurman in behalf of the president. They stated before leaving that they expected to return soon.

A POSER.

Manila, May 25—President Gamzoga, of the Filipino commission, previous to their departure, said: "We greatly appreciate the courtesy extended to us. We have spent some time with your commissioners, incidentally considering the American constitution. Its principles impress us profoundly. The plan of government offered the Philippines seems upon the theory of a good colonial system. But why should your nation, with your constitution, seek to make a colony of a distant people who have so long been fighting against Spain to secure the same rights your constitution gives? You fought the same battle when you fought against England."

AT SAMOA.

The Commission Has Arrived and Begun Its Sittings.

By Cable to THE TELEGRAM.

Apia, May 17—The Samoan commission arrived on the 13th inst., and had its first sitting on the 16th inst., being engaged all the morning conferring with Chief Justice Chambers. Nothing has been disclosed, but it is reported the commission will uphold the action of Admiral Kautz. Mataafa sent the commissioners a letter of welcome and expressed the hope that they would satisfactorily end the trouble in Samoa. It is understood that Mataafa will obey the unanimous order of the commission, though it is doubtful whether or not he will order his followers to disarm unless Malietoa will first disarm. The Mataafans will probably disperse to their homes if ordered to do so, but they will never recognize Malietoa King. There will doubtless be further trouble in the future if his kingship is maintained.

EVANS DOWN ON THE CUBANS.

Has a Bad Opinion of Gomez and His Followers.

Washington, May 24—Ex.Governor John Gary Evans, of South Carolina, who, as a member of General Ludlow's staff, at one time had charge of the city of Havana, called at the white house today. He returned from Cuba about three weeks ago. His accounts of Cuban conditions are most interesting. He is is a firm believer in annexation.

"If you could have seen the army that marched into Cuba behind Gomez you would have acknowledged the impossibility of decent self government on that island," he said. "Of all the heterogeneous assemblages ever gathered this was the worst. Coxey's army was a company of aristocratic gentlemen by comparisan. All this talk about the patriotism of the Cuban army is a myth. They were largely actuated by a desire for plunder and for office. They now want to rule the island because they see their chances of looting the treasury will not be good so long as it remains under American control. To turn the island over to the Cubans would be a worse crime against civilization than to have allowed the Spansh to rule it."

It is fearful to contemplate the ravages of consumption. The dread disease is said to kill far more people than war. Medical science struggles to cope with it, but so far all efforts have been almost entirely unavailing But Dr. Geo. F. Keene, of Rhode Island, an eminent specialist, says that the reduction of the death rate is not only possible, but he believes it will soon be effected. We know not the contemplated treatment, but hope that Dr. Keene is correct in his statement, for the world will hail with joy any means that will check the course of this direst malady.

Dr. Keene, in an address to the National Conference of Charities in Cincinnatti, a few days ago, said:

"Even in the few short years since Koch's discovery over two million persons on this continent have succumbed to its fatal infection (consumption). The annual tribute of the United States to this scourge is over one hundred thousand of its inhabitants. Each year the world yields up 1,095,000, each day 3,000, each minute two of its people as a sacrifice to this plague. Of the 70,000,000 individuals now peopling these United States, 10,000,000 must inevitably die of this disease if the present ratio is kept up. It is confined to no race, it is limited to no country, but it is ubiquitous and universal."

Pneumonia, la grippe, coughs, colds, croup and whooping-cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. Howard Gardner.

THE WASHINGTON JUBILEE.

Last Day of the Gala Celebration of Peace.

Special to THE TELEGRAM.

Washington, D. C., May 25—Thus far during jubilee Washington has enjoyed delightful weather, and there is every prospect of its continuing fair throughout the remainder of the festivities. The number of people visiting Washington is variously estimated, but it is not thought that it will exceed twenty thousand, if it comes up to those figures. Among the visitors are large delegations from Virginia and North Carolina, including such towns as Richmond, Norfolk, Lynchburg, Roanoke, Greensboro, Charlotte. Wilson, Henderson and Fayetteville. Quite a number of people are also here from various towns in South Carolina

The chief features of the program yesterday were the civic parades and the floral pageant. The first took place at 1 o'clock, or near that hour, and in the line were several prominent local organizations, including various labor organizations, citizens' associations, and many handsomely decorated wagons, etc. The floral pageant was one of the events to which Washington has looked forward to for several weeks. This pageant reminded one of the May festivals, in which floral decorated equipages of every description take a prominent part, such as are seen further South, in such cities as Charleston, Atlanta and New Orleans. For this parade the committee in charge received many suggestions from other cities, where floral pageants are held ever year. The weather in Washington at this season is a trifle too chilly for a procession of this character, but otherwise it was a decided success.

The program for today, which is the closing day of the great jubilee, includes a historical procession, in which the leading events of the nation, from the days of the revolution, concluding with the events of the Spanish war, will be portrayed.

Tonight will take place the closing event, the jubilee revelries, at convention hall, for which event the seats have been all subscribed for. Among those who will be present at convention hall is President McKinley and wife. Several members of the cabinet will also attend.

It is announced here that Judge Buchanan, of Virginia, may be a candidate for the United States senate to succeed Senator Martin. The judge has many friends in the Old Domin on, who would rally to his support should he announce his candidacy.

Another gentleman who is prominently mentioned is Governor Tyler. The governor is not, and never has been in the ordinary acceptation of the term, a candidate for senatorial honors, as he was elected to serve as governor, and would doubtless prefer to serve out the gubernational term of office. However, the governor has many friends who would like to see him elevated to the senate, as a colleague of Senator Martin, and should he be elected, there is reason to believe that he would not refuse the honor.

Senator Martin was in the city Wednesday. He is not here for the purpose of taking in the peace jubilee, although he says that everything has a peaceful aspect in his state so far as politics are concerned. He is here on his way to Annapolis to attend a meeting of the board of visitors to the naval academy, of which board he is a member. On his way back from Annapolis, it is said that the senator may conclude to remain over for a day or so, if he can spare the time.

Among prominent visitors attending the peace jubilee is Governor Tunnell, of Delaware. He is accompanied by his entire staff. The party are stopping at the Ebbitt House.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1.00. Every bottle guaranteed.

A Mother and Son, While Drunk, Killed by the Train.

This morning's Charlotte Observer says:

The wheels of the vestibule last night were stained with blood—the blood of a mother and son—who met death beneath them yesterday afternoon two and one-half miles this side of Spartanburg, S. C.

Engineer Tom Creswell was in the cab, and Capt. Francis was the conductor in charge. The train left Spartanburg on time, and was speeding along at a fast-flyer rate, when it entered a cut two and one-half miles from the city. There were some houses near the cut, and from one of these a white man and a woman had come. When the train darted into the cut Engineer Creswell saw the couple sitting on the track and blew the signal, thinking they did not hear the train. He had but a minute to act, but in that time gave them all warning that he could. They could have jumped off the track, and saved their lives. As it was they did not move, and their minute of opportunity was lost. The engine struck them while the train was running at full speed. The woman was killed instantly, her head being cut off. The man lived some minutes. The two were mother and son. The woman's name was Eliza Patterson. She was quite old. Her son was about 35 or 40. They had been drinking and were too much intoxicated to notice the approach of the train, or to realize their danger.

The woman's daughter witnessed the horrible death of her mother and brother. She was standing at the top of the embankment, calling to them to come off the track, when the train bore down upon them. Mrs. Patterson and her son, it seems, were in the habit of drinking, and had often been seen on the track, drunk, by the railroad men. It had been predicted that they would some time or other be run over by the train. The daughter said to one of the trainmen, after the train was stopped, that she had been calling her mother and brother for some time, trying to get them to come off the track. She said that they had barely escaped being run over by a freight train earlier in the afternoon.

The bodies were sent back to Spartanburg.

The Inquest.

Not labor kills; no, nor joy;
The incredulity and frown,
The interference and annoy,
The small attritions wear us down.

The little knat-like buzzings shrill,
The hurdy-gurdies of the street,
The common curses of the will—
These wrap the cerements 'round our feet.

And, more than all, the look askance
Of loving souls that cannot gauge
The numbing touch of circumstance,
The heavy toll of heritage.

It is not Death, but Life, that slays;
The night less mountainously lies
Upon our lids than foolish day's
Importunate futilities.

R. L. VERNON, T. P. A., Charlotte, N. C.

There is to-day a crying need of a reformation in the treatment of the body. The basis of this reformation is to be found in the thesis of Dr. R. V. Pierce: "Diseases which originate in the stomach must be cured through the stomach."

In the thirty odd years of Dr. Pierce's experience as chief consulting physician to the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., he has treated more than half a million people, with a record of ninety-eight cures in every hundred. The theory held by Dr. Pierce that the stomach is the chief breeding place of disease, is abundantly borne out by the success of his treatment which is addressed primarily to the stomach and other organs of digestion and nutrition.

No other medicine acts so powerfully and as perfectly on the stomach and other organs of digestion and nutrition, as Dr. Pierce's Golden Medical Discovery. Men and women afflicted with shortness of breath, heart disease, suffocation, dizziness, spots before the eyes, "liver pains," and similar ailments have been promptly and perfectly cured by the use of "Golden Medical Discovery."

Thomas A. Swarts, of Sub-Station C., Columbus, Ohio, Box 103, writes: "I was taken very sick with severe headache, then cramps in the stomach, and my food would not digest, then kidney and liver trouble, and my back got so weak I could scarcely get around. At last I had all these at once, and I gave money to the doctors whenever I thought they would do me any good, but the more I doctored the worse I got, until six years passed. I had become so poorly I could only walk in the house by the aid of a chair, and I got so thin I had *given up to die*, thinking that I could not be cured. Then I saw one of my neighbors, who said, 'Take my advice, and use Dr. Pierce's Golden Medical Discovery and make a new man out of yourself.' The first bottle helped me and after I had taken eight I was weighed and found I had gained 27 pounds. I have done more hard work in the past eleven months than I did in two years before, and I am healthy to-day and do not feel anything like dying. I cannot give Dr. Pierce's Golden Medical Discovery too much praise."

Storm Damage in Georgia.

Americus, Ga., May 24—Reports received today from last night's storm, indicate much damage throughout Sumter county from rain, hail and wind. Crops of all kinds are badly damaged and much loss will result. Barns were blown down on some plantations and several colored churches are levelled to the ground. The rain in some sections reached the proportions of a waterspout. The losses to farmers will aggregate many thousands of dollars.

Thomas Hughes Dies of His Injuries.

Wilmington, N. C., May 24—The old Confederate soldier, Thomas Hughes, who was found in an empty box car Sunday, beaten into insensibility, died at the hospitable today. He never regained consciousness to tell the name of his assailants, but detectives have jailed a negro suspected of the crime.

An Excellent Remedy.

The head of John J. Phœnix is full of modern ideas but he still believes in a few old time institutions, the whipping post for instance. Monday afternoon three little coons were "caught in the act" of swiping oranges from a box in front of his store and Mr. Phœnix "didn't do a thing" but take them up stairs and give each of them a flogging that they will not goon forget and that caused pains which required a good liniment to soothe. The betting is ten to one that no more oranges will be swiped from Phœnix soon.

In Fear of the Reina Mercedes.

Washington, May 24—The navy department is making ready to receive the captured and raised Spanish cruiser Reina Mercedes, at the Norfolk navy yard, if it can succeed in allaying the apprehensions of the people of Norfolk as to the safety of the movement. Surgeon General Van Reypen has recommended that the Mercedes be brought to the Norfolk navy yard.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. "A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Hazel Salve, a thoroughly anti-septic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Howard Gardner.

Yellow Jaundice Cured

Suffering humanity should be supplied with ezery means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours. M. A. Hogarty, Lexington, Ky." Sold by C. E. Holton, druggist.

THE OLD REBS

Gave a Rebel yell and carried Charleston by storm. They have the right of way on all occasions; and in fact they are entitled to it. Just so with

Harry-Belk Brothers Co.

They have carried Greensboro by storm—captured the whole city and country without encountering the slightest obstacle. We did not raise a Rebel yell to accomplish what we have done, but simply turned loose our "Gatlin gun" and shelled the woods. The same was loaded with panic goods. Railroad wrecks and the like brought them down at long range. To see the crowds flocking to our store you would think we had another Confederate

RE-UNION

here, but it is this Cuban warfare among prices liberates our bargain counters and, my, the way the way the masses are accepting the situation—freedom from the galling yoke of high prices and big profits is enough to stir the country from center to circumference. "Watch out!" Our buyer has been in New York and Boston for some time closing out shoe manufacturers, clothing merchants, dry goods stocks, etc, at often less than the cost of making. Going north at this season gives us a decided advantage over others, for all manufacturers are anxious to clean up the stocks on hand before the fall season opens. Few goods piling in every day.

Listen! Checks 2c, calico 2c, bleaching 4c, towels 2½c, lawns 2c, ladies' patent sandals 68c, worth $1.50; ladies' and children's Oxfords and slippers 25c up. Never before had goods so cheap. All we ask is for you to see them. It is like picking up dollars. We have bargains to offer you all our our store, so if dollars are worth anything to you, you can save them by looking through our stock of dry goods, notions, shoes, hats, gents' furnishings, etc., much easier than you can make them, no matter how easy they come.

So hide ont, little ones, and give the people the right of way to

You don't usually take hold of a thing without at least thinking it is all right. But after you have had an opportunity to test it you don't usually hold to it unless it is alright. The Mrs. Jane Hopkins make of children's clothing have been handled here since 1896 exclusively by one firm and the fact that the demand for this make is growing with each season is an undisputable argument in favor of the non-ripable, hardwear resisting qualities of these garments. Rankin, Chisholm, Stroud & Rees have made the selections of fall patterns and the suits will be made up this season But they have a strong line of spring suits that they are offering at reduced prices. Age 3 to 16. Select a suit for your boy.

Mr. Sample S. Brown, of Greensboro, who came to Winston Monday night and got Judge Allen to dismiss the restraining order which prevented him from taking charge of the stock of the stock of goods which he purchased in Reidsville, will probably bring suit against the parties who had the injunction taken out against him. Mr. Brown had advertised a big sale for last week and when his store was closed on Saturday a large crowd was in town and he thinks he missed a good trade.—Winston Sentinel.

What Asheville Says of "Captain Dick."

Asheville, N. C., Daily Gazette, Aug. 13, '97: Bertram & Willard's military play, "Captain Dick," for the benefit of the Light Infantry was given to a crowded house last night. The play is of unusual merit. The climaxes are excellent, remarkably strong, realistic and startling.
